Education

- **VIT Bhopal University**
Bachelor of Technology in Computer Science Engineering | GPA: 8.59/10 Bhopal, MP | 2022-2026

Skills

- **Web Development:** React, HTML, CSS, JavaScript, NodeJS, MongoDB, SQL, NextJs, Postman, Springboot
- **Languages:** Java, Python

Projects

Real-Time Web Chat Application

- Developed a full-stack web application enabling real-time text communication between users, with persistent message storage until manually deleted.
- Built a responsive frontend using React.js, HTML, and Tailwind CSS for an intuitive user interface.
- Implemented RESTful APIs with Node.js and MongoDB for secure data storage and retrieval, tested using Postman.

May 2025

Cartify- A Full Stack Sales Hub Application

- Developed a full-stack Point-of-Sale (POS) application using Spring Boot and React to manage products, process sales, and handle role-based user access in a retail environment.
- The system features a dynamic dashboard, secure payment integration, and automated receipt generation.
- Real-time visualization of key metrics such as total sales, order volume, and recent transactions.

August 2025

Work Experience

Internship: Remote

Quamin Tech Solutions LLP

September 2024- March 2025

- Role: Web developer
- Developed a farm-product retail web application, improving user engagement, platform useability and visuals.
- Collaborated with 5+ team members to integrate frontend (React) and backend (Node.js) with different technologies fostering team work and collaborative learning and brainstorming.
- Worked with databases and APIs to store and use user details.
